

JOIN MY CSA!

COMMUNITY SUPPORTED ART

HOW IT WORKS:

☞ Like the agricultural version, my CSA will be run by selling shares in advance of my creative outflow for the year. I am always working on new paintings and prints, and also new products and ways of presenting my work, so for me this offers huge motivation to create and explore, as well as the financial backing to do so.

☞ Shares will be available in 4-month blocks, or for a full year. Local Ithaca pick-up will be at either the Farmers Market (April-December) or Handwork on the first weekend of each month, or in the mail if you chose that option.

☞ Hopefully every share will be like getting those yummy ripe tomatoes in your veggie CSA, but there's always the danger that you'll get the equivalent of a bushel of rutabagas...it's a gamble, but I promise it will be fun and interesting.

☞ **This is a great gift idea!!!** Imagine your friend or significant other getting a present every month, or for someone who has moved away.

WHAT YOU GET:

☞ Receive something fun from my product line, a seasonally appropriate arty surprise at the start of each month. This might be a small print or etching, a journal, a selection of Christmas cards, a T-shirt, a funky little box, coasters...new work or new formats.

☞ NEW this year: I will be including a small item from one of my fellow makers in each share (soap, coffee, lip balm, a candle, etc) to help spread the word about other excellent local products and artisans.

☞ Additional discounts and coupons for members.

☞ A really good feeling about supporting my creative process throughout the year!
